Street lighting.

The chairman asked for a resolution that the Lighting and Watchling Act be adopted by the meeting for the purpose of lighting the village streets.

Mr. M. Briggs proposed and Miss Hermitage seconded that the meeting adopt the Act.

The resolution was then put to the vote and the meeting agreed unanimously to adopt the Act.

The Clerk then went on to explain that the meeting must now fix a maximum amount of money to be raised for the purpose of the Act during the first year.

A letter was then read from the East Midlands Electricity Board stating that providing the Parish was prepared to enter into an agreement for five years and for a minimum number of five lamps, the

Board would be prepared to provide and erect suitable brackets and fittings to their existing poles without charge to the Parish. For the supply of electricity and maintenance the annual charge would be £3.0.0 per lamp.

Based on this information the Chairman asked for a resolution to fix the amount to be raised.

Mr. M. Briggs proposed and Mr. J. Trigg seconded that five lamps were provided requiring an annual amount of £15.0.0. Mr. H. Seal then made an amendment to the effect that a sum of £24.0.0 be raised which would provide for eight lamps.

This amendment was put to the vote of the government electors present and was carried by ten votes to three.

Any other business. A question was asked by a Pensioner as to whether a pond could be provided round the village pond. The Chairman replied that there was a possibility that the pond would be done away with altogether.

Mr. Trigg again raised the question of surface water collecting on the roadside adjacent to his house.

The Clerk reported that Mr. C. H. Abbey the Area Surveyor had promised to attend to this matter.

This concluded his business and the Chairman closed the meeting.
